INSTALLATION INSTRUCTIONS

Part list

Part Name		Drawing	Qty
The main frame			1
Guide rail Components (Left)	B1	 Left mounting rail	1
	B2	 Left insertion rail	1
	B3	 Plastic fabric clamping profile	1
Guide rail Components (Right)	C1	 Right mounting rail	1
	C2	 Right insertion rail	1
	B3	 Plastic fabric clamping profile	1
Self drilling screw ST4.2*25	D		6
Remote control	E		1
The manual			1

1. Assemble the rails and main frame

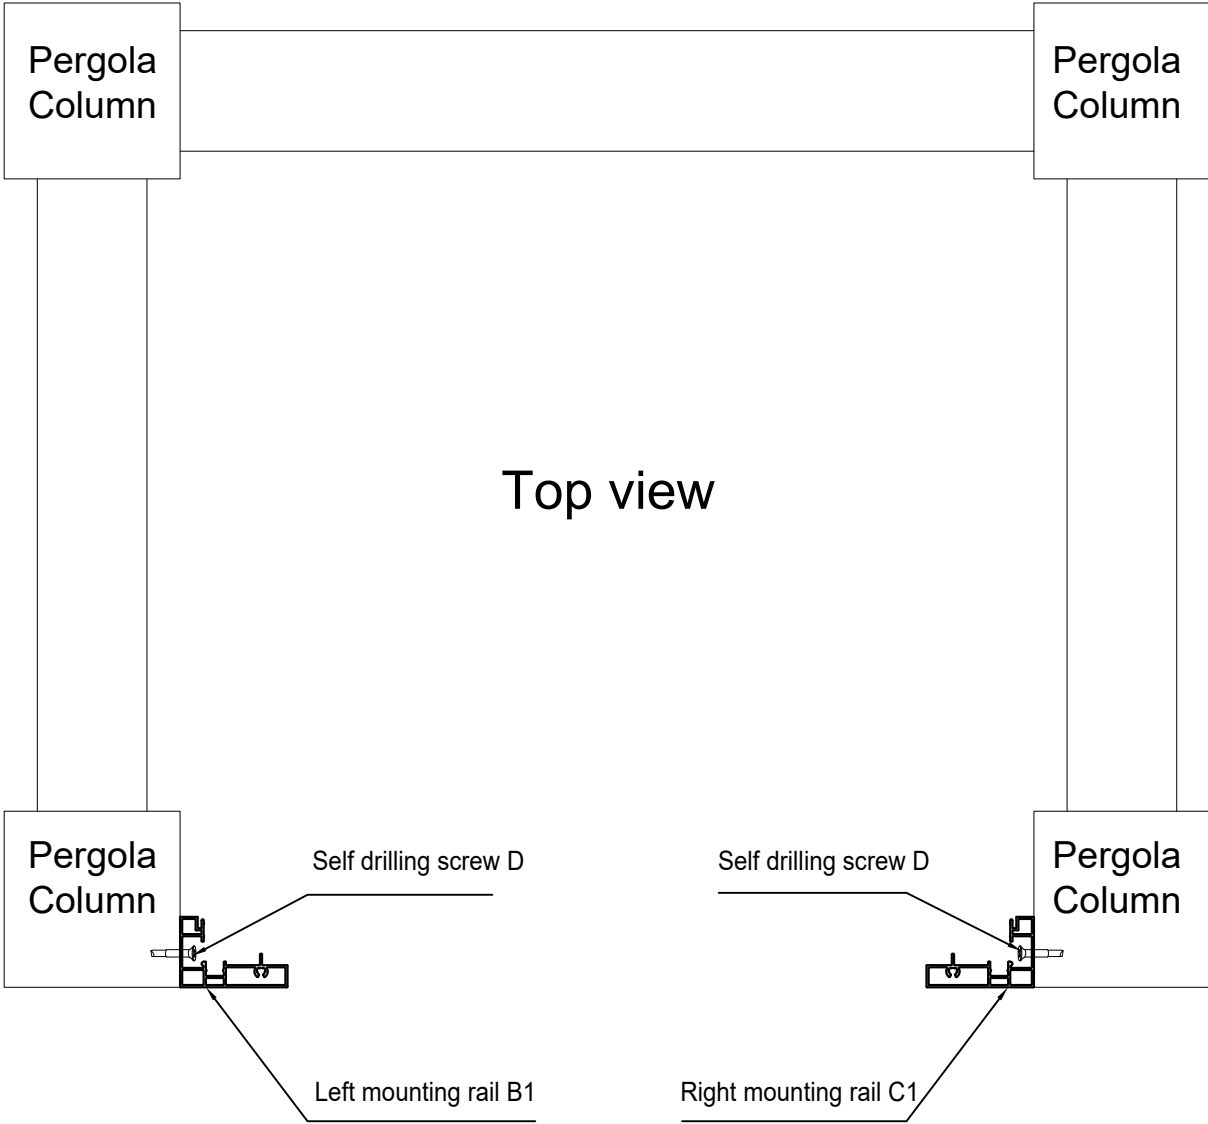

As shown below, insert the left / right mounting rail B1/C1 into the convex of the left and right end covers of the main frame respectively.

2. Lift the main frame up and move it into the installation area

3. Secure the mounting rails B1/C1 to the columns with self-drilling screw D, each side 3 screws and keep them appropriate distance.

4. Install the plastic fabric clamping profile B3

The left and right plastic clamping profiles B3 are clamped to the zipper edges of the left and right edges of the fabric as shown in the figure below and placed upright in the mounting assembly.

5. Plug in and adjust the remote control E to put down the fabric.

After installing the plastic fabric clamping profile B3 place the fabric completely down in order to adjust the fabric. Then install the insertion rail as described below.
